)	
Filed: April 27, 2007)	
)	
For: 2,3-Dihydro-6-Nitromidazo (2, 1-b))	Confirmation No.: 3970
Oxazole Compounds for the)	
Treatment of Tuberculosis)	

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

In supplement to the Information Disclosure Statement filed March 1, 2010, enclosed are copies of Affidavit-in-Support of Notice of Opposition/Rejoinder filed in two Pakistani patent applications corresponding to this case. Pakistan Patent Application No. 1225/2006 is a divisional of Pakistan Patent Application No. 860/2004. The reference "WO/1997/0015262" cited in the Affidavits is not correct and should be "WO/1997/01562," a copy of which was filed in the Information Disclosure Statement of April 5, 2006.

In Applicants' opinion, the "One Paper Published in 1987 by Raj K. Sehgal" mentioned in the above-noted Information Disclosure Statement and in the Affidavits on page 10 of each Affidavit as "a paper published in Journal of Medicinal Chemistry by Raj K. Sehgal" appears to be the prior art reference "Raj K. Sehgal et al., J. Med.

Chem., 1981, 24(5), pp. 601-604" a copy of which was filed in the Information Disclosure Statement of April 5, 2006. This is because the website mentioned on page 10, a copy of which is enclosed, references this same article. In this regard, it appears that the date 1987 in the Notices of Opposition filed March 1 and April 14, 2010 of the paper should have been "1981."

A Form PTO/SB/08 listing the two Affidavits is enclosed.

If there is any fee due in connection with the filing of this Statement, please charge such fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.

Dated: December 7, 2010
